YATZY BOOSTS COMPETITIVE SPIRIT WITH NEW MULTI TABLING FEATURE ON WINDOWS PHONE 7&8

Yatzy Free and Yatzy for Windows phone 7&8 is the first Yatzy game on the market with multi tabling feature which will put players' skills on test

Yatzy, the top dice game on the market, introduced multi tabling feature and is currently the only Yatzy game on the market with this feature. Yatzy broke the stereotype of being a game of luck, and challenges players to use their strategy and multitasking skills to master the game.

The online mode which gave top players the option to gather and create the most exciting Yatzy competitions, now is enhanced with the option to play up to 4 games simultaneously. The user friendly design and graphics, enables the player to easily navigate from one gameplay to another, and the visual hints will keep them up to date with their progress and time left.

“The popularity of the online mode exceeded our expectations and we knew that we need to work in this direction and deliver something unique and intriguing. This will especially make happy our most loyal players, who have advanced the game and this is a completely new challenge for them.” says Marija Keleshoska, marketing specialist at Game.IO.

Owners of Windows Phone 7 and 8 devices can [download Yatzy free of charge](#) or get the [full version at discounted price](#) from the Windows Phone Store and challenge their friends and family. Players will enjoy hours of fun playing Yatzy and they are encouraged to share their thoughts and comments via reviews in the store.
